

# Mrs. Sims' Kindergarten Class

Week in Review

September 16<sup>th</sup>, 2016

## What We're Learning

### Language Arts:

- Recognizing letters, and producing their sounds
- Segmenting words into syllables and phonemes (sounds)
- Recognizing the beginning sound of a word
- Recognizing and producing rhyming words
- Using pictures to illustrate our thoughts and ideas, and beginning to add labels to our pictures
- Handwriting-Aa, Tt, Mm, and Nn

### Math:

- Writing numbers 0-5
- Counting to 20 by ones, and counting up to 20 from a given number (ex. 14-20)
- Counting up to 10 objects and explaining how we counted-move and count, touch each one, counting on
- Identifying the penny and nickel

### Social Studies:

- Using our 5 senses to describe the world around us (Focus: Apple attributes)

## Notes from the Teacher

Dear Parents,

As you have now seen this is a very bitter sweet day for our classroom. The wonderful Ms. Hall was so amazing that Peachtree City Elementary knew they needed her as a 4th grade teacher. We are very excited for Ms. Hall, but we will most definitely miss her.

A wonderful Crabapple Lane family member, Mrs. Angela Giarratano, will be joining us soon. I have known Mrs. Giarratano for a year, and I am very excited for her to join our classroom.

This week the kindergarten team sent home permission forms for our field trip to Uncle Bob's Farm. If you have not already, please complete both the permission slip and the lunch choice form, and return both of these by October 5<sup>th</sup>.

Finally, your child either received a set of letter cards or sight words in his or her folder. Please review the letter that accompanied them, and let me know if you have any questions.

Thank you,  
Jessica Sims

## Upcoming Events and Reminders

- 9-22-16: CLES Math Night
- 9-26-16: Scholastic Orders Due
- 10-5-16: Field Trip Forms Due
- 10-19-16: Uncle Bob's Farm Field Trip
